

Faizan Baig, Pharm.D., RPh

**Lead Pharmacist–Clinical and Early Intervention Services
Ontario Teachers Insurance Plan
Waterloo, Ontario**

Faizan Baig is the lead pharmacist of early intervention and clinical services at Ontario Teachers Insurance Plan (OTIP). His current role at OTIP is focused in providing clinical services to members on long term disability in an effort to optimize pharmacotherapy and improve patient health outcomes. He also works at the Centre for Addiction and Mental Health as a pharmacist in the psychiatric emergency department. Baig graduated from the University of Toronto with a doctor of pharmacy degree and has worked primarily in mental health settings, focusing on addictions, schizophrenia and forensic psychiatry.
