

Joanna M. Balogh-Reynolds, RN-BC, MSN, DNP

**Vice President, Clinical Consulting
Segal
Pittsburgh, Pennsylvania**

Joanna Balogh-Reynolds is a vice president, senior clinical consultant, and our national corporate wellbeing solutions leader within Segal's national health technical services practice. She is a doctoral trained Registered Nurse and Certified Case Manager. She is a nationally recognized expert in clinical program design and health equity. Joanna held multiple leadership roles, including the Director of Oncology, in a large managed care organization. She remains on faculty in Pittsburgh at Carlow University where she received an excellence in education award in 2020. Her consulting practice focuses on helping plan sponsors with specific healthcare issues pertinent to medical coverage, plan design, quality of care, mental well-being and substance use, value based care design, social determinants of health, and digital therapeutics. She holds a DNP, Nursing Practice, and an MSN, Leadership and Education from Carlow University, and a BSN in nursing from Duquesne University.
