

Peter Berk

Senior Attorney
Clark Hill
Chicago, Illinois

Peter Berk is a seasoned cybersecurity and technology litigator with Clark Hill with extensive experience helping clients respond to social engineering fraud, business email compromise, data breaches, and other technology-driven threats. He has represented clients seeking recovery of funds lost through business email compromise and wire-transfer scams, including helping recover more than \$1.4 million of \$1.6 million lost when threat actors infiltrated an email thread during a home purchase.

During his over 25-year career, Mr. Berk also has substantial experience in cyber litigation and data privacy disputes, representing clients in state and federal courts in matters involving data breaches, privacy claims, the Computer Fraud and Abuse Act, and other technology-related disputes. His experience includes defending class actions, including data breach and privacy matters, and obtaining dismissals of class claims. He has handled breach investigations and response, coordinated regulatory notifications, evaluated potential liability, and developed strategies to mitigate litigation and financial exposure following cyber incidents.
