

Alexis Brandon, MMS, PA-C

**Associate Medical Director
Included Health
Reno, Nevada**

Alexis Brandon is an associate medical director at Included Health (formerly Grand Rounds). She is passionate about patient education, empowerment of the patient, end of life care, oncologic conditions and pathology. Brandon joined Grand Rounds in 2015 and worked on every service line there. In addition to her clinic work, she supported current and future customers as the associate regional medical director. Prior to her work at Grand Rounds, she spent seven years working in an internal medicine and geriatrics practice, providing care in the home, office and nursing homes. She also spent time providing medical care to AIDS patients in South Africa and in rural areas in India. She has a master of medical science degree and attended Stanford University for her PA training.
