

**Virginia Brennan, CEBS,
CEBS Compliant, ISCEBS-Fellow**

**Senior Vice President, ABA Retirement Funds and
Multiple Employer Solutions
Voya Financial
Morristown, New Jersey**

Virginia Brennan is the senior vice president and head of the ABA Retirement Funds and Multiple Employer Solutions at Voya Financial. In this role, she is responsible for overseeing sales, marketing and operations that service the needs of 4,000 law firm retirement plans. As an advisor to the ABA Retirement Funds board of directors (which oversees \$7 billion in assets) since 2012, she leads quarterly board meetings on all aspects of strategic growth, operational developments, legislative trends and fiduciary responsibilities. Brennan also leads Voya Financial's strategy team on pooled employer plans—the result of a sweeping legislative change that allows unrelated employers to join together for a pooled retirement plan, thus expanding retirement plan coverage and lowering costs for businesses throughout the U.S. She and her team are responsible for analyzing the impact of the legislative change for current and prospective customers, including pricing, risk assessment and operational changes as well as developing a new go-to-market approach. Brennan is a registered representative of Voya Financial Partners LLC (member SIPC) and has her Series 6, 7, 24, 26 and 63 registrations. She holds the CEBS® designation and is CEBS Compliant and a Fellow of ISCEBS.
