Asha Chikani, PharmD

Consultant, Pharmacy Practice
Foster & Foster Consulting Actuaries, Inc.
Morton Grove, Illinois

Asha Chikani brings over 19 years of experience in the pharmacy benefit manager (PBM) and managed care space, with a career grounded in both clinical expertise and strategic advisory work. Since beginning her career in 2007, she has held key roles at major PBMs, including CVS Caremark and Walgreens Health Initiatives, where she supported benefit design, formulary strategy, and clinical program development. Most recently, Asha spent eight years with a pharmacy consulting firm specializing in the Taft Hartley market, providing strategic guidance, data driven insights, and clinical leadership to help multi employer plans manage rising drug costs and navigate an increasingly complex prescription drug landscape.

Her areas of focus include evaluating and implementing cost management strategies, strengthening relationships between plan sponsors and PBM partners, and delivering clinical consultation that aligns with evolving market dynamics and regulatory change. Asha is a licensed pharmacist in the state of Illinois and holds a Doctor of Pharmacy (PharmD) degree from the University of Illinois at Chicago. She is recognized for her ability to translate complex pharmacy trends into actionable strategies that support sustainable, high value pharmacy benefit management.
