

Christian Felx, CFA

**Manager and Head of Responsible Investment
Desjardins Global Asset Management
Montréal, Québec**

Christian Felx serves as Manager and Head of Responsible Investment at Desjardins Global Asset Management (DGAM). Christian is responsible for leading DGAM's responsible investment strategy. This includes developing investment solutions, participating in business development activities and representing the team in both internal and external strategic collaborations. He leads a team of responsible investment professionals who ensure that DGAM's investment management teams adhere to and integrate DGAM's ESG criteria across all asset classes (equity, fixed income and alternative investments). Christian joined Desjardins in 2007. His career in the investment industry began in 2005 when he worked as a quantitative analyst at the Caisse de dépôt et placement du Québec. He later joined DGAM in the capacity of a Portfolio Manager and then later as Director, Systematic Strategy before his current appointment. Christian holds a Master of Science (Finance, Economics) degree from Université de Montréal and is a CFA charterholder.
