

Eric Griffin

**Director, U.S. Pension Practice
Linea Solutions
Nashville, Tennessee**

Eric is a results-driven program manager and leader with extensive experience aligning technology, operations, and people for transformative business outcomes. His background spans public sector pension systems, benefits administration, and enterprise IT, where he has led complex program implementations, streamlined processes, and maximized organizational value. As Linea Solutions' director of U.S. pension practice, he has over a decade of specialized expertise in public pension administration system (PAS) implementations. He has played an instrumental role in leading successful PAS modernization initiatives for both Taft-Hartley plans and large, statewide public retirement systems. His strengths lie in strategic assessments, procurement strategy, requirements gathering, stakeholder engagement, organizational change management (OCM), and vendor coordination. Eric is also well-versed in project reporting, UAT planning, and cross-functional team leadership across all phases of system implementations.
