

Claude Lockhead, FCIA, FSA

**Senior Advisor
Fiera Capital
Montreal, Quebec**

Claude Lockhead is a senior advisor with Fiera Capital. His main fields of activity are pension plan funding, risk management, pension plan design, investment policies and performance monitoring. During his career, he has been Aon's eastern retirement leader and the national practice leader of both Aon's Canadian investment consulting unit and retirement unit. Lockhead taught a course on pension plans at Université Laval for four years and a course on the mathematics of pension plans at Université de Montréal for five years. He has served on many International Foundation committees and currently serves on the Canadian Investment Committee and Comité des programmes (Ad Hoc). Lockhead received his bachelor of science degree in actuarial science from Université Laval in Québec City and notably collaborated with Jean-Jacques Pelletier on the writing of the book *Financial Management of Pension Funds*.
