

Shannon McIntosh

Cybersecurity Consultant

WIPFLI

Eau Claire, Wisconsin

Shannon McIntosh is a cybersecurity consultant in Wipfli's CyberTech Group. Shannon comes with a well-rounded background in information technology, from networking and wiring to training. In recent years, she has spent time at a financial institution focusing on security, disaster recovery, and compliance. Clients appreciate her ability to think outside the box and develop creative business solutions to help them overcome challenges and meet their individual goals. Shannon leads a variety of engagements designed to help improve organizations' cybersecurity posture, including cybersecurity risk assessment, governance risk and compliance reviews, incident response planning and simulation, vulnerability and penetration testing, security audit, and control verification. She is a speaker on cybersecurity, data governance, risk, and security compliance topics. Shannon's certifications include CompTIA+, CompTIA Network+, CompTIA Security+, Technical Certificate: IT Network Cisco CCNA and CMMC-RP.
