

Michael Miele, FSA, MAAA

**Senior Vice President, Insured Services
Capital Rx
New York, New York**

Michael Miele is senior vice president, insured services at Capital Rx, where he is responsible for developing business relationships with advisors, payers and health systems. He is a health care actuary with significant experience in all aspects of employer health and welfare benefits, including pharmacy benefit management, data analytics and medical management. Prior to joining Capital Rx, Miele held many senior leadership positions over the last 12 years at Arthur J. Gallagher and established their national pharmacy practice. Previously, he was the founder of PatientCentrix, a medical management and data management provider, which he sold to SHPS Healthcare. Miele is a fellow of the Society of Actuaries and a graduate of the University of Michigan with a dual degree in mathematics and statistics.
