

**Dominique Mineau**

**Associate Director  
Willis Towers Watson  
Montreal, Quebec**

Dominique Mineau is an associate director at WTW in the health, equity and wellbeing practice and has 15 years of benefits consulting experience in the area of employee health and wellbeing. She has worked with a wide range of clients throughout Canada to provide consulting services related to integrated wellbeing strategies, absence and disability management as well as diversity, equity and inclusion (DEI). Mineau graduated from McGill University with a bachelor's degree in psychology and completed a graduate microprogram in disability management at Université de Sherbrooke. She is also a licenced group insurance representative and has a certification in mental health first aid.
