

Preet Prashar, CFA

**Principal and Director,
Defined Contribution Strategic Research Teams
Mercer
Chicago, Illinois**

Preet Prashar is a director of Defined Contribution Strategic Research Teams at Mercer and is based out of the Chicago office. Preet advises Mercer's DC clients on target date, retirement income, and stable value topics. He has covered research for target date and stable value strategies for nearly two decades. He co-chairs Mercer's Stable Value and Target Date Strategic Research teams and is a voting member of Mercer's Retirement Income Strategic Research Team. Preet has 19+ years of investment industry experience. Prior to being in the investment management industry, Preet was an engineer. He holds a bachelor of science degree in mechanical engineering from Northern Illinois University, as well as a master's degree in business administration from the University of Rochester, New York. Preet is a CFA® charter holder.
