

Jason Todd

**Director of Cybersecurity Consulting Services
Linea Secure
Cleveland, Ohio**

Jason Todd is Linea Secure's director of cybersecurity consulting services and an information technology (IT) leader with over 15 years of experience in program management, data management and cybersecurity. He has a background in the government, health care, logistics and retail sectors. As a strategic IT leader, Todd has partnered with cloud service providers for multiple SAAS/IAAS deployments. Serving as the director of program management for the D.C. Retirement Board (DCRB), he managed the implementation of controls for a comprehensive cybersecurity program that culminated with a federally accepted standard for risk management. Todd has led the implementation of an annuitant self-service application, a master data management system, a Tableau/Power BI analytics platform, a disability case management application and ERP upgrades.
