# Earn a Certificate of Achievement

As you move through the employee benefits courses, make your plan to earn a Certificate of Achievement in your desired employee benefits and compensation subject.

Take three designated courses to earn a topic-specific Certificate of Achievement. Certificates include:

## Benefit Plan Administration

Navigating the complexities of managing and administering employee benefit plans in today's environment requires knowledge and skills in a variety of areas. This certificate provides a survey of the core operational and strategic areas, including human resource strategies, risk management, communication, technology, funding/finance and vendor management. It also helps you adapt your total rewards strategies to your organization's needs.

## Benefits and Compensation

Attracting and retaining a productive workforce requires balancing the three key components of a total rewards strategy: compensation, health plans and retirement plans. This certificate provides a survey of these three components as well as a chance to develop your baseline technical skills in compensation concepts.

## Canadian Benefits Management NEW FOR 2026

The Certificate in Canadian Benefits Management is the perfect opportunity to dive into the world of Canadian employee benefits, pensions and human resources practices. Gain a comprehensive understanding of the business environment, delve into the complexities of health care and retirement systems, and explore practical case studies that will enhance your expertise in Canadian plans.

## Global Benefits Management NEW FOR 2026

The Certificate in Global Benefits Management provides the comprehensive knowledge needed to administer and manage a global benefits program. Employers that work globally must learn to navigate the increasingly complex challenges of international benefits and cultural expectations. Learn from global industry experts while you earn your certificate.

# Earn a Certificate of Achievement

## Health and Welfare Plans

As the legislative and regulatory landscape in health care continues to evolve, it is important to stay informed about the latest changes and trends. This certificate provides plan management strategies and plan design options, including fundamentals of managed care, consumer-driven health care and value-based strategies, as well as a survey of ancillary benefit plans.

## Multiemployer Plan Administration

Explore the legal and regulatory frameworks that govern multiemployer plans. Participants will learn the essentials of fiduciary responsibilities, plan funding, contributions and reporting obligations. Elective courses delve deeper into investments, health and welfare plans, defined benefit pension plans and 401(k) retirement plans.

## Public Sector Benefits Administration

The public sector has unique characteristics that impact how employee benefits are managed. Financing, politics, and the legal and regulatory environment pose challenges and opportunities that require professionals to understand how public plans operate. Take one core class that provides a survey of public sector benefits administration and two elective courses. Select your elective courses to tailor your learning to your specific needs.

## Retirement Plans

The challenges of funding for retirement have brought a host of changes in the laws, regulations and trends that impact retirement plans. This certificate provides a survey of defined benefit and defined contribution retirement plans, Social Security, investment principles, and the legal and regulatory environment—from a historical perspective through today.

## Strategic Benefits Management

Understanding the complexities of managing total rewards programs in today's changing landscape requires a broad, strategic perspective as well as the ability to align programs with overall business needs and human resource goals. This certificate will help you define your objectives for attracting, motivating, supporting and retaining talent in your organization. Receive tools to measure the effectiveness of your programs—in both return on investment and the impact on your company culture.
