

Julie Belair, FCIA, FSA

Director of Actuarial Services

OPTrust

Toronto, Ontario

Ms. Belair is the director of actuarial services at OPTrust, where she is responsible for providing direction and advice regarding actuarial matters, including actuarial support to OPTrust administration, funding and member-driven investing strategy. OPTrust invests and manages one of Canada's largest pension funds and administers the OPSEU Pension Plan, a defined benefit (DB) plan with 95,000 members and retirees. Previously, she was a senior consulting actuary with Willis Towers Watson, where she specialized in the design, funding and accounting of DB and DC pension plans, including financial projections. Ms. Belair has significant experience in the valuation and administration of pension plans, including such complex issues as negotiated benefit changes, plan mergers and windups, surplus sharing distributions, transfer of service calculations and executive arrangements. She has advised multinational clients, governments and public sector organizations in order to assist them with meeting their human resource and financial objectives. Ms. Belair is a fellow of the Society of Actuaries and a fellow of the Canadian Institute of Actuaries. She graduated with an honours bachelor of science degree in actuarial science and statistics from the University of Western Ontario.
