

**Eduardo Sanchez, M.D.**

**Chief Medical Officer for Prevention  
American Heart Association  
Dallas, Texas**

Dr. Eduardo Sanchez serves as chief medical officer (CMO) for prevention for the American Heart Association (AHA). He is the principal investigator (PI) of the National Hypertension Control Initiative (NHCI), a cooperative agreement with the U.S. Department of Health and Human Services Office of Minority Health and the Health Resources and Services Administration. He is the AHA clinical lead on Target:BP (a joint blood pressure control initiative with the American Medical Association) and KnowDiabetesbyHeart™ (a joint cardiovascular risk factor control initiative with the American Diabetes Association). He is one of the authors of the AHA Presidential Advisory on Structural Racism and its health effects. Prior to joining AHA, he served as vice president and CMO for Blue Cross and Blue Shield of Texas. Sanchez's experience includes serving as commissioner of the Texas Department of State Health Services from 2004 to 2006 and commissioner of the Texas Department of Health from 2001 to 2004. He serves on numerous boards and advisory committees at the local, state, and national levels. Sanchez obtained his M.D. degree from the University of Texas (UT) Southwestern Medical School in Dallas, an M.P.H. degree from the UT Health Science Center at Houston School of Public Health and an M.S. degree in biomedical engineering from Duke University. He holds a B.S. degree in biomedical engineering and a B.A. degree in chemistry from Boston University. Sanchez is a fellow of the American Heart Association.
